Policy Overview Statement

Summarize your store's overall returns policy. This text will appear at the beginning of the customer's returns process, and is an overview of the returns logic you will build. Best to keep it brief. Use HTML to format the text if you wish.

160-1 Within 30 days of receipt of your shipment, you may return:
 160-2
 160-3
 Any apparel, lawn & garden equipment, furniture, or books in original condition.
 Any unopened CD, DVD, VHS tape, or software.
 Any electronics merchandise or toy in new condition with its original packaging and accessories.

 160-4 We are unable to refund returned pharmaceuticals or food.
 160-5 With few exceptions, we issue a full refund for the price of an item that meets these conditions. We only refund shipping costs if the item is a result of our error.

Category and Item exceptions to standard return policy. Special treatment of categories or items that:

270

- Cannot be returned for refund for any reason. Triggers an automatic "unjustified" response.
"We're sorry, we do not except returns of pharmaceuticals, food, and opened underwear."
- Have special criteria that must be met before returns are allowed. Triggers additional qualifying questions.
"Have you opened the package?"
- Have specialty shipping criteria.
"We accept furniture returns, but do not pay return shipping for any reason."

280 { Exception categories are used to define special return processing certain groups of items. Store categories are generally the departments in your store. If you always have the same return policy for every item in your store, you do not need to create categories. If you do treat some items differently than others, you need categories.

For example, your store may accept return of any apparel merchandise, except opened packages of underwear. You would use categories to except opened underwear from your standard policy.
